

## Training & Technical Assistance

### **CASTA COST ALLOCATION TRAINING**

---

#### **COLORADO ASSOCIATION OF TRANSIT AGENCIES**

One-day training workshop (conducted over two, half-day sessions) for Colorado Transportation providers on cost allocation techniques and practices. Training conducted on the practice of full cost allocation techniques, as embodied in Fully Allocated Cost Analysis and Comprehensive Financial Management Guidelines for Rural and Small Urban Public Transportation Providers developed by AASHTO/MTAP. This course will provide intensive training on only Chapters 12 and 13 of the manual, which address cost allocation and applications. In addition to reviewing the material in the manual, an important component of this training program will be how to use the results of cost allocation to price transit services.
