COST ALLOCATION AND CONTRACT PRICE SETTING

NORTH CAROLINA DEPARTMENT OF TRANSPORTATION (NCDOT)

RLS & Associates, Inc. designed a one-day training class on behalf of the North Carolina Department of Transportation/Public Transportation Division to provide detailed instruction on how to prepare a fully allocated cost analysis in a coordinated rural general public/human service agency transportation environment. Based on fully allocated costs, the course then provided an overview of the various contract pricing structures available to transportation providers in order to ensure that the full costs of service delivery were recovered through contract fees.
