

Training & Technical Assistance

Wisconsin RTAP

Wisconsin Department of Transportation (WisDOT)

The Wisconsin Department of Transportation awarded RLS & Associates, Inc. the statewide contract to manage the Wisconsin Rural Transit Assistance Program on behalf of the WisDOT. RLS will have complete responsibility for implementing RTAP for Wisconsin's rural and small urban, coordinated, and community transportation providers, including the RTAP newsletter, website and electronic resource center, and the RTAP Scholarship/Peer-to-Peer Network. One of the major work efforts will consist of a comprehensive needs assessment to survey the various transit providers about their specific training and technical needs.
